

Certificate of Partnership

Epay is a platform which offers integrated, accessible and interoperable “Anytime Anywhere” payment facility to all citizens across Bangladesh with convenience, reliability and safety of transaction. It is an aggregator platform, which is owned & operated by the Government of Bangladesh.

Ekpay is a leading payment processor that offers comprehensive bill payment services for customers and merchants. The main idea of ‘Digital Bangladesh’ is the ability of the citizens to avail all government services with utmost ease through the use of information technology. Ekpay offers bill payment solutions to over 50+ Assisted agents, 50k + syndicated agents, 15+ banks are integrated with us and 30+ service providers and allow consumers to make seamless bill payments from Cards, Bank Accounts, Mobile Wallets and Digital Credit among others.

This is to certify that **“Copotronic InfoSystems Ltd.” is an authorized partner of Ekpay from 5th October 2021.** According to the partnership agreement between Aspire to Innovate (a2i) & Copotronic. Copotronic has already integrated with Ekpay payment gateway for collection of payments, enrollment of customers and settlement of payments on behalf of Ekpay.

Hence a2i has taken the initiative of establishing a centralized e-Payment System or a P2G (People to Government) platform. A2i is requesting all government, private-government and other organizations to use Ekpay as payment service.
